REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The rejections of record were reversed by the Board of Patent Appeals and Interferences. It is noted that no terminal disclaimer is required over U.S. Patent 6,303,376 because the claims of that patent specifically exclude a mutagenic molecule while the current claims specifically require a mutagenic oligonucleotide. Therefore, there is no statutory or obviousness type double patenting between these applications.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffrey Fredman whose telephone number is (571)272-0742. The examiner can normally be reached on 6:30-3:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gary Benzion can be reached on (571)272-0782. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
